

Join us on March 26, 2012
for the 8th Annual
Carl Black No Limits Classic
as the North Metro Miracle League
Celebrates 11 years

The Miracle League is celebrating 11 years of creating changes in the community. In 2001, we were a little baseball program for children with disabilities. Today, after 11 years of growth and evolution, we have evolved into sports and social programs that encompass the entire Metro Atlanta area. At the heart of each program are two primary elements: *Life Skills and Integration*.

The physical and social infrastructure of our communities provide minimal opportunities for disabled children to engage the world around them. As a result, they go through life with diminished life skills (coping skills), the tools we all need to interact and achieve in the world around us. Our programs, carefully crafted by special education professionals, incorporate appropriate challenges that allow the child to explore and maximize their abilities so they have greater self confidence and a higher vision of their future.

Inclusive social activities that bring children with and without disabilities together (integration) are prime opportunities for the disabled child to sharpen their social skills. For the able bodied child, it is a great opportunity for them to see beyond the outward manifestations of a disability, and with time and mentoring, see the unique individual before them.

The Miracle League has evolved from a two team baseball league into a **NATIONALLY RECOGNIZED** organization creating significant change within our community. The National League of Cities (18,000 cities and towns) honored us with the Howland Gold Medal Award. In their words we are *"One of the Nation's most innovative and effective programs enriching the entire community"*.

Thank You for the support that allowed us to identify and address serious un-met needs in our community.

John P. McLaughlin
Executive Director
North Metro Miracle League
